

Creating a HUB.

1

Ask yourself -
'Do I want in?'

- I **need** some help to deepen my spiritual life
- I **am** willing to trust someone to help me on this journey
- I **believe** that the Infitum framework can help

2

Make a list of friends who might consider the Infitum journey with you. **Pray for them** everyday and ask God to lead you to the right people.

3

Ask a person/some people who you believe God is leading you to. Ask them to download the App or visit the website and see what they think.

4

Have a conversation after a week.

- Did you find it helpful?
- Are you in?
- If so, would you be willing to create a HUB?

(By doing it this way - its not you that your friends are rejecting but the material and concepts)

5

If **"yes"**- create a time to meet

Venue possibilities

walk, coffee shop, home, church etc

1st week
